WELCOME TO THE FUTURE OF EDUCATION

Innovation • Experiential Learning • Student Achievement • Community

VISION AND MISSION OF THE INSTITUTE

Vision

Technical and Management leaders engaged in the evolution of life, being at the frontiers of the continuous technological and administrative breakthroughs, inspired by ongoing exploration of self, society, and nature through self-reflective consciousness by building a culture of inspiration, exploration and growth.

Mission

M-1 Having a culture of inspiration, exploration, and invention through effective, experiential teaching-learning giving rise to ever-evolving knowledge and wisdom.

M-2 To have self-inspired students ever engaged in continually working upon and sharpening and deepening computational, creative, innovative, and leadership consciousness.

M-3 Having students established in self-reflective consciousness, committed to personal, social & human integrity, and engaged in deep inquiry and conversation, giving rise to shared, inter-subjective human values and consciousness.

VISION AND MISSION OF THE DEPARTMENT

Vision

To be a leading center of excellence in Electronics and Communication Engineering, fostering innovation, research, and leadership through reflective and conscious learning while exploring self, society, and nature.

Mission

M1: To promote inspiration, innovation, and hands-on learning in Electronics and Communication Engineering for advancing knowledge, technology, and experiential education.

M2: To develop self-motivated students with strong technical, creative, and leadership skills through continuous learning and professional skill enhancement.

M3: To nurture responsible engineers committed to integrity, lifelong learning, reflective practice, and contributing to society through shared human values.

SEMESTER EVENT CHRONOLOGY

July–December 2025 at a Glance

DATE	EVENT	THEME
14–19 July 2025	Five-Day Online FDP: Recent Trends and Applications of AI	Faculty development
15 August 2025	79th Independence Day Celebration	Patriotism & civic values
5 September 2025	ICT Academy BRIDGE '25 — Next Gen Edupreneur Award	Institutional recognition
15–17 October 2025	Coden'Circuitz Workshop with Ryan International School	STEM outreach
7 November 2025	Volleyball Gold at IIT Kanpur UDGOSH 2025	Sports achievement
11 November 2025	Zinnovation 3.0 — Best Hardware Award	Student innovation
14 November 2025	Echelon Premier League (EPL)	Sports & teamwork
23 November 2025	Mental Health & Wellness for Educators	Community engagement
27 November 2025	Drone Technology Workshop	Emerging technology
28 November 2025	College Ke Tashanbaaz — RJ Nalwa	Campus engagement

FACULTY DEVELOPMENT AND RESEARCH

Five Day Online

Faculty Development Program

on

Recent Trends and Applications of Artificial Intelligence

14th to 19th July 2025

ORGANIZED BY

Department of Electronics and Communication Engineering
Echelon Institute of Technology, Faridabad, Haryana, India

ABOUT THE EIT

Echelon Institute of Technology (EIT), Faridabad, established in 2007, is a premier institution dedicated to academic excellence, innovation, and holistic development. EIT is affiliated to JC Bose University of Science & Technology, YMCA, Faridabad, Haryana, and is approved by AICTE, Ministry of HRD, Government of India, and the Directorate of Technical Education, Haryana.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering (ECE) was established in 2007, at the inception of the institute. It was founded with the vision of nurturing students into highly skilled engineers with a strong foundation in Electronics and Communication. The department is fully equipped with modern instruments, tools, and software essential for hands-on experimental learning. Emphasis on project work throughout the curriculum ensures a balanced development of both theoretical knowledge and practical skills. In addition, students are actively encouraged to take part in extracurricular activities and join various technical and cultural clubs to enhance their overall development.

ABOUT THE FDP

The Online Faculty Development Program (FDP) on *Recent Trends and Applications of Artificial Intelligence* is designed to equip faculty members with current knowledge and practical skills in the fast-evolving domain of AI. This program aims to bridge the gap between academic instruction and industry advancements by introducing participants to the latest research, tools, technologies, and applications in Artificial Intelligence.

Conducted in a virtual mode, the FDP offers the convenience of remote learning without compromising on quality. The sessions will cover key areas such as machine learning, deep learning, natural language processing, computer vision, AI ethics, and AI-driven decision-making. In addition, participants will explore real-world case studies and industry use-cases in sectors like healthcare, manufacturing, finance, smart systems, and education.

Renowned academicians, researchers, and industry professionals will deliver expert lectures and hands-on demonstrations, fostering an engaging and interactive learning experience. Participants will also have the opportunity to collaborate, share ideas, and discuss future research directions.

ORGANIZERS

CHIEF PATRON

Mr. Prabhat Agrawal
Honorable Chairman, EIT, Faridabad

PATRON

Dr. Arvind Kumar Pandey
Director, EIT Faridabad

COORDINATOR

Dr. Anurag Dwivedi
Dean, R&D, EIT, Faridabad

CO-COORDINATOR

Dr. Pramod Singh
Dean First Year, EIT, Faridabad

Dr. Kavita Singh
Prof. ECE, EIT, Faridabad

ORGANIZING COMMITTEE

Dr. Mukesh Kumar Saini
Professor, ECE, EIT, Faridabad
Ms. Sonal Kaushik
Asst. Professor, ECE, EIT, Faridabad
Mr. Rupendra Kumar Chahar
Asst. Professor, ECE, EIT, Faridabad
Mr. Yogesh Pilwan
Asst. Professor, ECE, EIT, Faridabad
Ms. Isha Gautam
Asst. Professor, ECE, EIT, Faridabad
Mr. Mitar Pal
Asst. Professor, ECE, EIT, Faridabad

RESOURCE PERSON

Prof. Asheesh Kumar Singh
MNNIT, Allahabad, U.P., India
Prof. Bharat Singh Rajpurohit
IIT, Jodhpur, Rajasthan, India
Prof. Sanjeev Singh
EED, MANIT Bhopal, India
Dr. Satish Kumar Singh
Associate Professor, IIIT, Allahabad, India
Dr. Vikas Mittal
Associate Professor, NIT Kurukshetra, Haryana, India
Dr. Arun Kumar Verma
Associate Professor, IIT, Jammu, India
Dr. Anil Yadav
Associate Professor , NIT, Jalandhar, India
Dr. Shailendra Kumar Dwivedi
EED, IIT Bhilai, India
Dr. Himanshu Misra
School of computing and electrical engineering, IIT Mandi, India
Dr. Mohammad Maroof Siddiqui
Electrical & Computer Engineering Department, Dhofar University, Oman

KEY TOPICS

- Fundamentals of Artificial Intelligence
- Machine Learning and Deep Learning
- Computer Vision and Image Processing
- AI in Robotics
- Ethical and Societal Implications of AI
- AI in Education and Research
- Future Trends and Industry Applications

REGISTRATION

Participants interested to attend this programme should register online.

WHO CAN ATTEND

Open to faculty members from academic institutions and universities, Ph.D. research scholars, and professionals from industry.

REGISTRATION PROCESS

There is no registration fee to attend the FDP.

The FDP will be conducted online via the Google Meet platform.
Interested participants are required to complete the online registration form. The registration form link and QR code are provided below.

Registration form Link:

Recent Trends and Applications of Artificial Intelligence

Five-Day Online Faculty Development Programme | 14–18 July 2025

The Department of Electronics & Communication Engineering organized a five-day online FDP to familiarise faculty members and research scholars with recent advances in Artificial Intelligence and its applications across engineering domains. The programme provided a platform for expert interaction, interdisciplinary learning and discussion of emerging research directions.

Themes and technical focus

- Recent trends in AI and generative AI.
- AI applications in land-cover classification, remote sensing and environmental monitoring.
- AI-enabled electrical systems, predictive maintenance, load forecasting and smart grids.
- AI-based control, robotics, industrial automation and process control.
- AI/ML applications in electric vehicles, smart transportation and electric motor control.

Learning outcomes

- Broader awareness of current AI methods and their engineering applications.
- Ideas for integrating AI concepts into teaching and curriculum.

Encouragement for collaborative research, interdisciplinary projects and proposals.

KNOWLEDGE THAT TRAVELS

The FDP connected emerging AI concepts with practical engineering use cases and future research possibilities.

INSTITUTIONAL PRIDE

Celebrating the Spirit of Freedom

79th Independence Day | 15 August 2025

Echelon Institute of Technology celebrated the 79th Independence Day with patriotism and enthusiasm. The campus came alive in the colours of the Tricolour as faculty members, staff and students gathered for the flag-hoisting ceremony and the national anthem.

In his address, the Director recalled the sacrifices of freedom fighters and encouraged the Echelon community to uphold unity, integrity and hard work. The celebration also reflected on the institute's growth and the importance of collective effort in building a stronger institution and nation.

EIT Receives the Next Gen Edupreneur Award

ICT Academy BRIDGE '25 | New Delhi | 5 September 2025

Echelon Institute of Technology was honoured with the ICT Academy Next Gen Edupreneur Award at the 66th edition of ICT Academy BRIDGE '25. The award was received on behalf of Chairman Shri Prabhat Aggarwal by Mr. Rajender Bansal.

Themed "Empowering Tomorrow: AI, Skills & Global Competence", BRIDGE '25 brought together educators, policymakers and industry leaders to discuss AI readiness, future-proof skills and global opportunities. The institute was represented by Ms. Nidhi (Management), Dr. Arvind Pandey (Director), Dr. Rajesh Kumar Singh (Dean Academic) and Mr. Ujjwal (TPO).

SCHOOL OUTREACH AND EXPERIENTIAL LEARNING

Coden'Circuitz: From Concepts to Circuits

CircuitCrate Initiative with Ryan International School | 15–17 October 2025

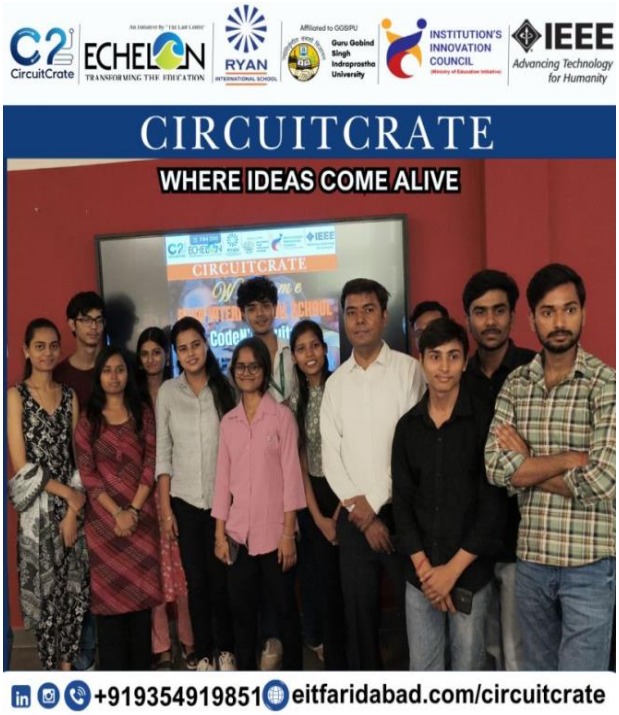

Echelon Institute of Technology welcomed Mr. Manoj Rawat and students from Ryan International School under the CircuitCrate initiative. The visit began with a campus and laboratory tour, giving students a closer look at EIT's learning environment and opportunities for practical exploration.

Workshop highlights

- **Workshop was conducted by the ECE student's Startup Circuit Crate**
- Introduction to basic electronic components.
- Working with circuit simulator software.
- Microcontroller-based projects and practical implementation.
- Hands-on circuit design, experimentation and interaction with the CircuitCrate team.

The workshop connected classroom concepts with real-world applications in electronics and embedded systems. Student coordinators listed in the event material were Raghav Kumar Chaudhary, Muskaan, Mahesh and Isha. Faculty coordinator: Prof. (Dr.) Pramod Singh, Dean First Year.

STUDENT ACHIEVEMENT

Best Hardware Award at Zinnovation 3.0

National-Level Hackathon | Chandigarh University, Mohali

Team Innervision represented Echelon Institute of Technology at the national-level Zinnovation 3.0 hackathon hosted by Chandigarh University, Mohali. The supplied event material reports participation by more than 900 teams from across India and records Team Innervision's achievement of the Best Hardware Award.

Team Innervision

- **Yash Sharma — BCA, 2nd Year**
- **Shreeya Sampada Nayak — BCA, 2nd Year**
- **Granth Kumar — BCA, 2nd Year**
- **Muskan Singh — ECE, 4th Year**
- **Gauri Panchal — CSE, 4th Year**

Gold at IIT Kanpur UDGOSH 2025

EIT Volleyball Team

Echelon's volleyball team clinched the Gold Medal at IIT Kanpur's UDGOSH 2025 inter-college sports festival. The achievement reflects the players' dedication, teamwork and sportsmanship, and brought pride to the institute.

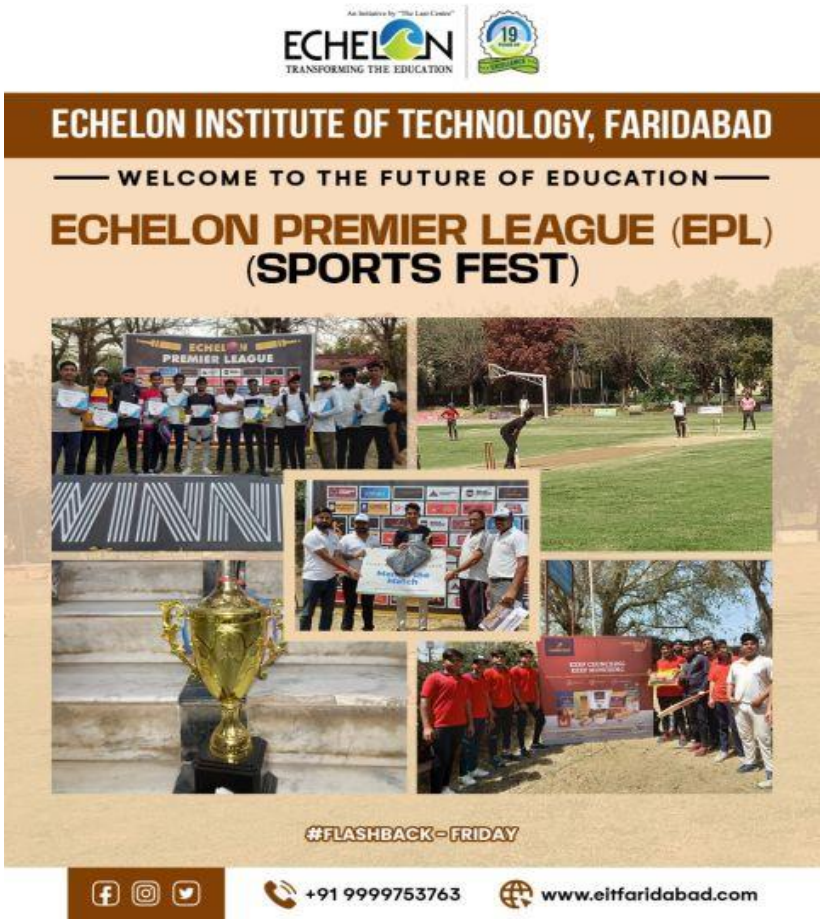

CAMPUS LIFE AND STUDENT ENGAGEMENT

Echelon Premier League (EPL)

Sports Fest | 14 November 2025

EPL brought together enthusiastic players in a celebration of energy, teamwork and sportsmanship. From competitive matches to individual performances, students demonstrated dedication, discipline and a strong spirit of participation.

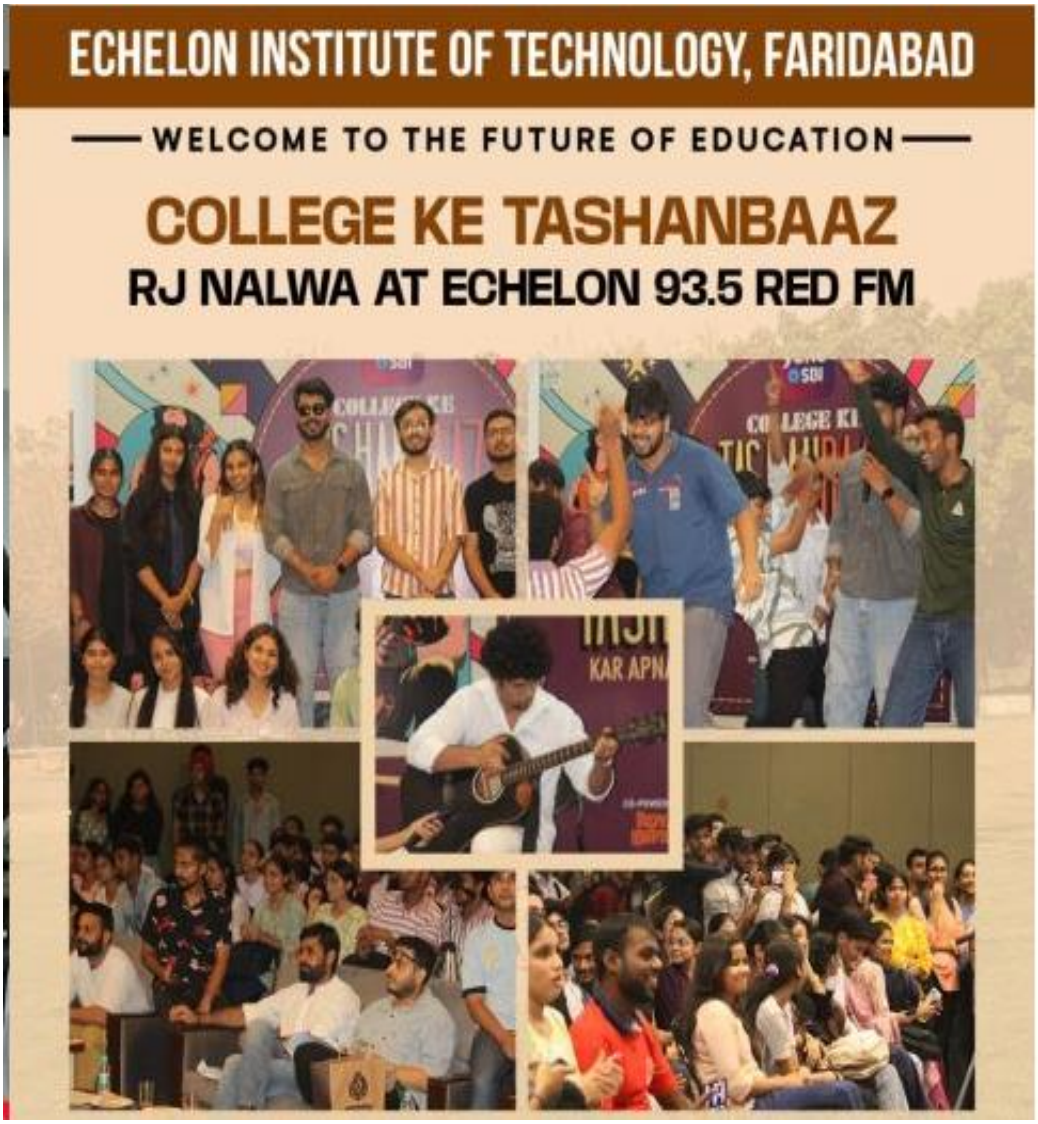

- High-energy matches and spirited competition.
- Recognition of top performers and Man of the Match achievers.
- Trophy celebrations and an emphasis on teamwork, leadership and camaraderie.

College Ke Tashanbaaz with RJ Nalwa

28 November 2025

RJ Nalwa joined the College Ke Tashanbaaz programme at EIT and shared positive feedback about the campus environment, student talent and energy. His remarks highlighted Echelon as a platform where young people can explore, express themselves and excel.

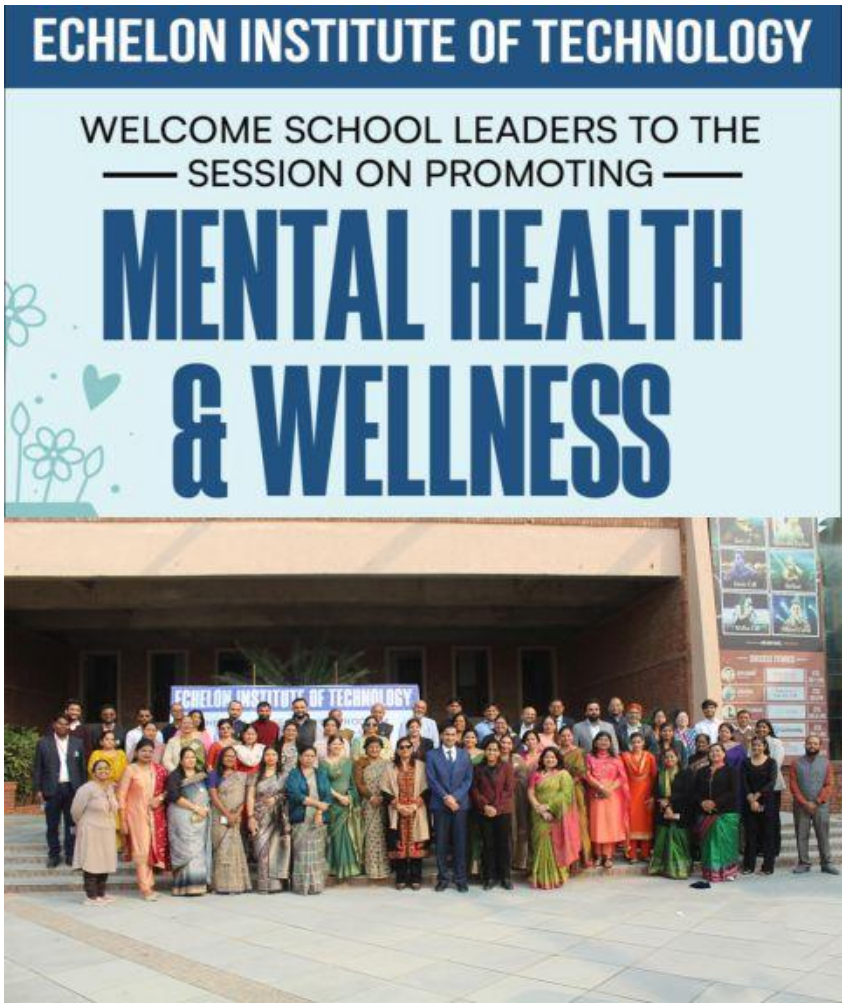

Promoting Mental Health & Wellness for Educators

Sahodaya School Complex – Faridabad Educational Chapter | 23 November 2025

Echelon Institute of Technology hosted an educational chapter event on mental health and wellness for educators. Principals from more than 47 schools across Faridabad, along with senior faculty coordinators, participated in the gathering.

The programme was graced by Sh. Suresh Chander, President of Sahodaya School Complex, Faridabad and Founder & Managing Director of Grand Columbus International School, and Ms. Vijaya Luxmi, Managing Director of Vrinda International School.

Drone Technology Workshop

27 November 2025 | Resource Person: Mr. Rahul Sharma, Director, Hawk Devices

The workshop introduced B.Tech, BCA and MCA students to drone fundamentals, components, working principles, applications and career opportunities. The expert session was followed by hands-on assembly of a multirotor drone and an outdoor flying demonstration on the institute campus.

- Exploration of frames, motors, propellers, electronic components and connections.
- Discussion of drone applications in surveillance, defence, agriculture, logistics, aerial cinematography, inspection, disaster management and smart cities.
- Awareness of project, career and entrepreneurship opportunities in the drone ecosystem.

LOOKING BACK | MOVING FORWARD

A Semester of Learning, Recognition and Shared Purpose

The July–December 2025 period reflected Echelon Institute of Technology's commitment to a holistic educational experience—one that combines academic development with innovation, hands-on learning, community engagement and student achievement.

FACULTY DEVELOPMENT

The AI FDP supported continued learning around emerging technologies and their engineering applications.

INNOVATION IN ACTION

CircuitCrate's Coden'Circuitz workshop and Team Innervision's Best Hardware Award showcased curiosity, practical skills and creative problem-solving.

STUDENT EXCELLENCE

The volleyball team's gold medal at IIT Kanpur UDGOSH 2025 and participation in EPL celebrated discipline, teamwork and sportsmanship.

COMMUNITY CONNECTION

The educator wellness gathering and campus programmes strengthened engagement with schools, guests and the wider community.

RESPONSIBLE CITIZENSHIP

The Independence Day celebration reinforced unity, integrity and the responsibility to contribute to a stronger India.
